- 2. If approved, it will provide property tax relief for three years. Applications received through July 31st will commence with the following tax year. Application received after July 31st will commence with the second future tax year.
- 3. It may be used for remodels or additions, which are normally associated with single family homes. According to state law, the work:
 - Must add value to the structure;
 - Will include remodels or additions to homes as well as construction of, and remodels or additions to carports, decks and garages;
 - Must not be included in a normal maintenance program (e.g. painting, new roof or gutters, etc.); and
